## **Sights From Milan Expo 2015: Brazil** <sup>[1]</sup>

Brazil is participating in Expo Milan 2015 with the theme "Feeding the World with Solutions."  
Visitors of all ages walk on a giant net that serves as the main access to the pavilion.

In the pavilion's first floor, visitors learn about Brazil's diversity, agriculture, and food production technology.

A floating exhibit mimics bird nests and Brazilian architecture.
